Subject: Red Hill Update (formerly newsletter)
Red Hill Update Revised Word Format 4 Feb 16 clean.docx

To All,

Region 9's Office of Public Affairs did an in-depth review and revision of our Red Hill Update (formerly called the Red Hill Newsletter). While the subject matter remains the same, the updates have been revised to make them less complicated for the public. We are not going to refer to it as a newsletter because that implies publication on a regular basis, and at this time we are unsure of how often we will need to update the public. Also, for now it is in a regular Word format. A decision on the final format will be made later.

Please review this ASAP and let us know if there are any significant issues you're concerned about. We would like to finalize this Red Hill Update by the end of week.
